Mr Shi Yanlong

Guangdong Yinuan Thermal Energy Equipment Co., Ltd

No.8 Tianhe North Road, Industrial Zone,

Ronggui South District, Shunde District

Guangzhou, CHINA

Dear Mr Shi,

**RE: YN Portable camping Gas Water Heater, model: YN.JSZ series
AGA Application No. 20295**

Further to our test program email dated 19th March 2025, we have since received CSA test report (report no. 80247602) related to testing of above referenced project.

Following a review of the report, I note that all reported results are satisfactory and confirm no further assessment is required. To satisfy the audit requirements, please contact us to arrange a Product Verification Audit (PVA), when the first batch of product is ready for Australian market.

All work for this project is now complete and I am pleased to enclose the following:

- AGA Certificate & Specification Issue **9358 - 01**
- Details of the certification entry as it will appear in the "Directory of AGA Certified Products", as found on our website www.aga.asn.au.

Please review the enclosed documentation and advise if any details are incorrect or inadequate.

Prior to the supply of any production units into the market place, you must affix the following to every production unit to comply with government regulatory requirements:

1. An AGA Maker's Warranty Badge (badge) (MUST BE PURCHASED BY AGA)
2. An AGAMark as an alternative to the AGA Maker's Warranty Badge
3. The Gas Compliance Mark (GCM)

You can purchase the badges and the GCM from AGA at www.aga.asn.au/aga-badges-labels/.

AGA members can apply for an AGAMark Licence at www.aga.asn.au/agamark/.

Please contact your Client Manager or email office@aga.asn.au for more details or to place an order.

Your sincerely,

Tony Tong

Client Manager, AGA
